

# DATA ANALYTICS

## THE COMMISSION IN NUMBERS AND DATA

Summary of both the commission's listening process as well as the data analytics process

## NATURAL LANGUAGE PROCESSING (NLP)

Methodologies, reports and analytical exercises, and resources provided by the Commission for consultation or research. Currently 2,240 anonymized interviews can be found in the resources section

## DATA INTEGRATION AND STATISTICAL ESTIMATION

Joint project of the JEP and HRDAG on the magnitude of violence. The methodologies for the development of accurate statistical estimates in light of missingness in data is presented in manuals. The data can be filtered or searched by victimizing event, armed actors, population groups or demographics, among other variables. Here you can download 400 databases related to the conflict and victims

## TRACES OF DISAPPEARANCE

Result of the project "Traces of Disappearance" in partnership with Forensic Architecture on three cases of the armed conflict

## STRUCTURED RESOURCES AND DATA

Contains reports and cases collected in the framework of the data collection /auditorial process in activities conducive to the clarification of truth. In this tab you will find the a spreadsheet with the list of anonymized interviews
